IRIS GERMANICA  
THE FLEUR DE LIS OF FRANCE  
*PRICE LIST*  
FALL 1921 AND SPRING 1922

The Prices for single plants quoted in this list are the same as previous seasons, as one cannot supply real first-class plants at a less price if you want to get paid for your time and trouble in making out small orders. Prices by the ten and 100 are considerable reduced from prices quoted 1920.

You will not find the latest novelties in this list. Past experience has taught me that a good many of the new irises are tender, and cost more as they are worth.

HENRY C. ECKERT

BELLEVILLE, ILL.

Prices quoted are for extra strong plants; 5 per rate of 10;  
single plants postage prepaid. Terms cash.
